Introduction to Education

Catalog Description:

Designed to introduce the student to the broad and complex field of public education. Emphasis on personal and professional characteristics required for successful teaching. This course also requires 18 hours of field observation in primary and/or secondary school classrooms within the term.

Credit Hour(s):

3

Lecture Hour(s):

3

Requisites

Prerequisite and Corequisite

ENG-1010 College Composition I, or concurrent enrollment.

Outcomes

Course Outcome(s):

Discuss the aims of education and role of schools in a democratic society.

Essential Learning Outcome Mapping:

Cultural Sensitivity: Demonstrate sensitivity to the beliefs, views, values, and practices of cultures within and beyond the United States.

Written Communication: Demonstrate effective written communication for an intended audience that follows genre/disciplinary conventions that reflect clarity, organization, and editing skills.

Objective(s):

1. Analyze the evolution of education in the United States from its beginning to its present form.
2. Compare the various purposes of education.
3. Differentiate between the historical philosophies of education.
4. Describe the emergence and development of the American education system with a focus on the civic, social, economic, and individual aims of education.
5. Illustrate how schools reflect, reproduce, and seek to challenge social stratification in society.

Course Outcome(s):

Discuss the economic, legal, and political context of schools.

Objective(s):

1. Recognize and discuss methods of school financing.
2. Identify the roles that federal, state, and local governments play in consideration of equal education provision, comparing types of schools (public, charter, private, virtual) and the ways they are organized and supported.
3. Identify teacher, student, and parent rights and responsibilities in school settings and show how these have developed and changed over time.

Course Outcome(s):

Discuss the need for the education system to be culturally responsive and inclusive.

Essential Learning Outcome Mapping:

Cultural Sensitivity: Demonstrate sensitivity to the beliefs, views, values, and practices of cultures within and beyond the United States.

Objective(s):

1. Compare theories of school curriculum and instruction, and current trends of reform.
2. Illustrate students' learning styles, discussing multiple intelligences and diverse abilities.
3. Analyze the influence of shifting demographics on school districts and describe the ways in which schools respond to changing educational needs of students in the U.S.
4. Identify various dimensions of educational exclusion, (race, social class, ethnicity, English language proficiency, gender, sexuality, ability) and discuss the role of teachers in creating inclusive learning environments for all students.

Course Outcome(s):

Discuss various aspects of the teaching profession, including ethics, professionalism, and legal issues.

Objective(s):

1. Identify and debate legal concerns in American Education including tenure, professional ethics, and teacher and student rights.
2. Establish the correlation between the administrative and teaching components of education.
3. Articulate their own personal educational philosophy.
4. Describe the characteristics of an effective teacher and the methods to ensure longevity.
5. Discuss teaching as a profession, continuing professional development and teachers' professional organizations.
6. Recognize knowledge, skills, dispositions, and ethical responsibilities of the professional educator.
7. Describe standards and processes guiding the preparation and professional development of educators.
8. Develop knowledge and understanding of Ohio educator requirements, with attention to the reasons for new developments and changes.

Methods of Evaluation:

1. Quizzes
2. Written papers
3. Presentations
4. Peer teaching
5. Field observation journal
6. Initial organization of professional portfolio
7. Midterm and final examinations

Course Content Outline:

1. Why Teach?
 - a. Motivation
 - b. Rewards
 - i. Extrinsic
 - ii. Intrinsic
 - iii. Perspective
 - c. Useful experience
 - i. Real encounters
 - ii. Vicarious experiences

- iii. Guidance
 - iv. Reflection
- 2. Teacher effectiveness
 - a. Reflective decision making
 - b. Attitudes
 - i. Self
 - ii. Students
 - iii. Peers
 - iv. Subject matter
 - c. Subject -matter knowledge
 - d. Theoretical knowledge
 - e. Personal practical knowledge
 - f. Teaching skills requirements
 - i. Classroom management
 - ii. Questioning
 - iii. Planning
- 3. Professionalism
 - a. The status of teaching as a profession
 - i. Levels of professionalism
 - ii. National Board for Professional Teaching Standards (NBPTS)
