

MT-235B: MASSAGE THERAPY CLINIC I-B

Cuyahoga Community College

Viewing: MT-235B : Massage Therapy Clinic I-B

Board of Trustees:

2015-05-28

Academic Term:

2015-08-24

Subject Code

MT - Massage Therapy

Course Number:

235B

Title:

Massage Therapy Clinic I-B

Catalog Description:

Continuation of clinical experience begun in MT-235A. Students will continue the massage of patients, under supervision, integrating interviewing, observational, and massage therapy skills. Completion of SOAP notes on each patient. Discussion and study of clinical ethics, boundaries, and chemical dependency issues that arise in massage therapy. Pharmacology for massage therapists. Hygiene and sanitation. Basic business communication and massage office policies, procedures and practices. Patient education. Important: MT-235A and MT-235B together meet the requirement for completion of MT-2350 Massage Therapy Clinic I.

Credit Hour(s):

1

Lab Hour(s):

3

Requisites

Prerequisite and Corequisite

MT-1302 Massage Therapy I, and MT-1312 Applied Muscuol-Skeletal Anatomy, and MT-1242 Somatic Studies I, and MT-1272 Somatic Studies II or concurrent enrollment; and MT-235A Massage Therapy Clinic I- A.

Outcomes

Course Outcome(s):

A. Assess, evaluate, and perform clinical procedures in a therapeutic environment.

Objective(s):

1. 1. Explain therapeutic environment in clinical setting.
2. 10. Recognize and explain the impact of the therapeutic environment on a massage client in relationship to therapeutic outcome.
3. 11. List and describe safety practices and procedures for the work environment.
4. 2. Demonstrate the ability to perform full body massage sequence customized to needs of the patients.
5. 3. Modify massage sequence based on contraindications.
6. 4. Recognize and explain specific classes of drugs and identify systemic, local, or procedural contraindications when a client is on or taking a particular class of drugs.
7. 5. Demonstrate a full body massage sequence by demonstrating the various manipulations common to massage therapy as defined by Kellogg and Beck.
8. 6. Demonstrate knowledge of contraindications and indications for various massage treatments.
9. 7. Explain and demonstrate the use of appropriate draping procedures by massage therapists.
10. 8. Demonstrate proper body mechanics.
11. 9. Demonstrate the primary massage procedures and their respective subdivisions.

Course Outcome(s):

B. Adhere to the professional code of ethics for massage therapists.

Objective(s):

1. 9. Discuss legal and ethical dilemmas.

Course Outcome(s):

- C. Create client charts, consisting of SOAP charting and medical records.

Objective(s):

1. 1. Interview patients and document patient history.
2. 2. Document observations of patient condition.
3. 3. Complete SOAP notes on each patient seen.

Course Outcome(s):

- D. Utilize proper sanitation and hygiene methods for the massage therapist.

Objective(s):

1. 1. Demonstrate hygiene and sanitation in massage therapy environment.
2. 2. Define and explain the concept of universal precautions
3. 3. Recognize the current recommendations from the Center for Disease Control (CDC) and Ohio Administrative Code (OAC) Chapter 17.
4. 4. Describe appropriate personal hygiene for a practicing massage therapist in a professional office setting or anytime applying a massage procedure.
5. 5. Identify potential sources for transmission of pathogenic organisms.
6. 6. Identify and explain the means for preventing transmission of pathogens in a therapeutic environment.
7. 7. Define and explain Complementary Care and Wellness information.

Course Outcome(s):

- E. Demonstrate the knowledge of business policies.

Objective(s):

1. 1. Discuss the right to refuse service.
2. 2. Discuss strategies for dealing with difficult clients.
3. 3. Define and explain the different classes of drugs and identify contraindications for massage.
4. 3. Demonstrate basic office tasks.
5. 4. Demonstrate basic business communication skills with patients.

Methods of Evaluation:

1. Written evaluation on Patient Tracking Form
2. Oral presentations
3. Written examinations
4. Written assignments
5. Professional Behavior Evaluation Scale
6. Case studies
7. Participation
8. Homework

Course Content Outline:

For the Clinical Application (Lab) portion of the course:

1. Perform clinical procedures under the direct supervision of the licensed massage therapist instructor, preceptor, lab technician, or clinic supervisor
 - a. Prepare massage table
 - b. Review patient charts or forms
 - c. Demonstrate proper draping and hand washing
